

CellEarz™

Cell Phone Earset

Turn your cell phone into a high noise communication tool

Communicate Effectively on Your Phone, with Hearing Protection

Cell phones aren't designed for high noise communication, but *CellEarz™* changes that. This revolutionary solution upgrades the functionality of your cell phone with custom or universal *CellEarz™* earsets, specifically designed for protection and dual ear listening, and a high-performing in-line mic for clear communication even in extreme-noise environments.

Universal

Acrylic Custom

Silicone Custom

Designed to protect hearing and enable clear communication.
